Killing at Houston.

The shooting of young Thomas Fleming by C. E. Steele at Houston, has developed into a considerable sensation. Young Fleming left a written statement, saying that he expected to be killed by Steele. Here is the statement left by Fleming:

Houston, Texas, Dec. 4, 1901.
To Whom It May Concern:
I hereby state beforehand, so as the truth will be known, if anything should happen to me in the way of death or attempt at murder of me, that C. E. Steele of Shearn street, city, is the accused, for he, the said C. E. Steele, has made threats to that effect. The cause of the trouble is his daughter, Mrs. Zadie; the rest need not be known. I write that he is the one. Signed this 4th day of December, 1901, by T. B. Fleming.

Our Big Offer.

Pay up what you owe and, one year in advance on the Gazette and we will send you the Western Poultry News, of Lincoln, Neb., a whole year free. It's a big 32 page illustrated Poultry Magazine and will help you make more money out of your chickens. Remember it costs you nothing.

The American shoe is marching on with the flag and without the flag. The importation of our foot-wear into Germany has doubled within the past nine months and princes, princesses, counts, barons, military officers and plain, untitled people alike are wearing American shoes and making no secret of their preference. Style, fit and quality have won the day and some of the German manufacturers, recognizing that fact, have employed American foremen, with instructions to re-organize their establishments on American lines. Others have sent agents to this country to study our methods and buy machinery. The victory is a notable one.—Houston Chronicle.

The January Designer.

The present "among the many remarkably attractive features which appear in The Designer for January are: "In Holiday Masque," illustrating and describing numerous unique and artistic fancy costumes for adults and young folks. In another article "Evening Waists" are most charmingly set forth, and there is besides an alluring display of Winter fashions and millinery. Literary contributions having special bearing on the New Year are: "A Watch Party," "A Twelfth Night Dinner," and "Holidays at the White House." There are two short stories, "The Frolic at Bassett's" and "Found in the Ice Hills," and a parlor comedy, "A Glimpse of Bohemia." "Points on Dress-making," "For Health and Beauty," "Book Notes," "Selections for the Recitationist," "Etiquette Hints," "Nursery Lore" and "Cookery Recipes," are some of the other helpful articles in this exceedingly interesting number.

Another Killing at Houston.

A triple killing took place at Houston last Wednesday evening about 4 o'clock, in which two policemen and one gambler were shot to death. The shooting occurred on the crowded street of the city and it is a miracle that no one else was injured. Several arrests have been made in connection with the killing and the city is aroused to fever pitch.

The chief of police has ordered the arrest of all bunco steers, gamblers and pistol toppers and asks the co-operation of all law-abiding citizens. It seems as though the lawless element of Houston are upon the verge of plunging the city into a reign of terror.

A good sized cold snap hit the city at noon.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF
DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

F. A. WERMAN, 750 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost. **INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.**
